„Yummy - Cooking with Kids“

From mini-pizza, to home-made ice-tea or vegetable kebabs to frozen yogurt - We cook what kids like!

Celebrity-Chef Alexander Kumptner and his junior-cooks show how easy and fun it is to cook your own delicious and healthy dishes.

All recipes can be simply reproduced at home. But „Yummy“ isn't only about cooking great meals, it is also about information about healthy food, the right ingredients and how to treat them.

We explain, for example, why apples shouldn't be stored with other fruits or why the so-called Corn Chicken has yellow-coloured meat.

Also: In every episode we show you cool handicrafts for decorating your dishes and your dinner-table!

C'mon and join the fun, because this show is cooking!

Format: 32 x 25 min. HD
